BUILT: 2007
CABINS: 7
GUESTS: 12-17
CREW: 19-22

“ANNA is a pedigree yacht in bristol condition. The results of a very high maintenance budget and an outstanding crew are very much in evidence.”

ANNA

It's easy to see that a great deal of thought and experience went into the design and build of Motor Yacht ANNA. The use of space is intelligent and innovative, to the extent that several areas of the yacht have dual use: the saloon that turns into a disco; and the sky lounge that converts to a cinema.

The Principal Guests will enjoy the double height master stateroom, with access to a raised observation lounge, and direct access to foredeck relaxation pockets.

The yacht's profile is one of the most beautiful of any of the yachts afloat, with stunning lines and a great many small details that add up to a masterpiece.

The experience of spending time on board ANNA is something the guests will never forget. A quality yacht packed with potential for having fun.

Aft deck converts from 'relaxing day-bed' to coffee table configuration.

Outdoor dining is idyllic on the Flag Deck of Motor Yacht ANNA. Look carefully and you can see discreet glass screens for side-wind protection. The table extends to seat twelve.

SUN DECK

The helicopter landing pad is quickly and easily set up for guests to relax and enjoy wonderful views over the surroundings.

If a helicopter is being carried (it is not certified for commercial use) then the helicopter Jet A1 fuel can be resupplied from the yacht's own tank.

The view forward from the sun deck is a favourite for guests when the yacht is underway.

The Jacuzzi fills quickly and easily, with one push of a button. The water stops automatically when it's full, and it heats quickly to the pre-set temperature. One button to empty.

OWNER'S PRIVATE DECK

With access from the Owner's suite, the foredeck is a private beach of teak, with two very cosy pockets of space to relax in the fresh air. A small table on port side can be set up for breakfast or coffee. A sun pad on starboard side is just enough to completely relax away from other guests and crew.

The foredeck has a golf machine built into the centre of the teak area.

The Owner's Observation Lounge, Dressing room (left) and an impressive private office (see next pages)

MAIN SALOON

CONVERTS
TO A
DISCO

The Main Saloon has a secret dual personality, with a refined yet comfortable arrangement in normal circumstances...

The disco units containing sound and light equipment, smoke and DJ console are hidden for use when the dance floor beckons.

SKY LOUNGE

RELAXING BAR
TV
CINEMA

The Sky Lounge is the heart of any yacht, located next to the outdoor dining 'Flag Deck', ANNA has a bar and comfortable family room for TV watching or cinema with a built in projector.

The TV can be lowered out of sight revealing a piece of art.

FITNESS & WELLNESS

MASSAGE

FITNESS

STEAM ROOM

In the centre of the upper deck is an air-conditioned gym, with views forward and aft.

The equipment has been upgraded recently, and there is a steam room and a shower room on port side.

VIP CABIN

- LARGE WINDOWS
- BEAUTIFUL BED
- LARGE BATHROOM

Located between the Sky Lounge and the Bridge is a VIP cabin with walk-in wardrobe and a remarkable level of luxury interior detailing.

All of the bathrooms on ANNA have heated marble floors.

Both guest twin cabins, and both double cabins have pullman berths that fold away flush with the wall

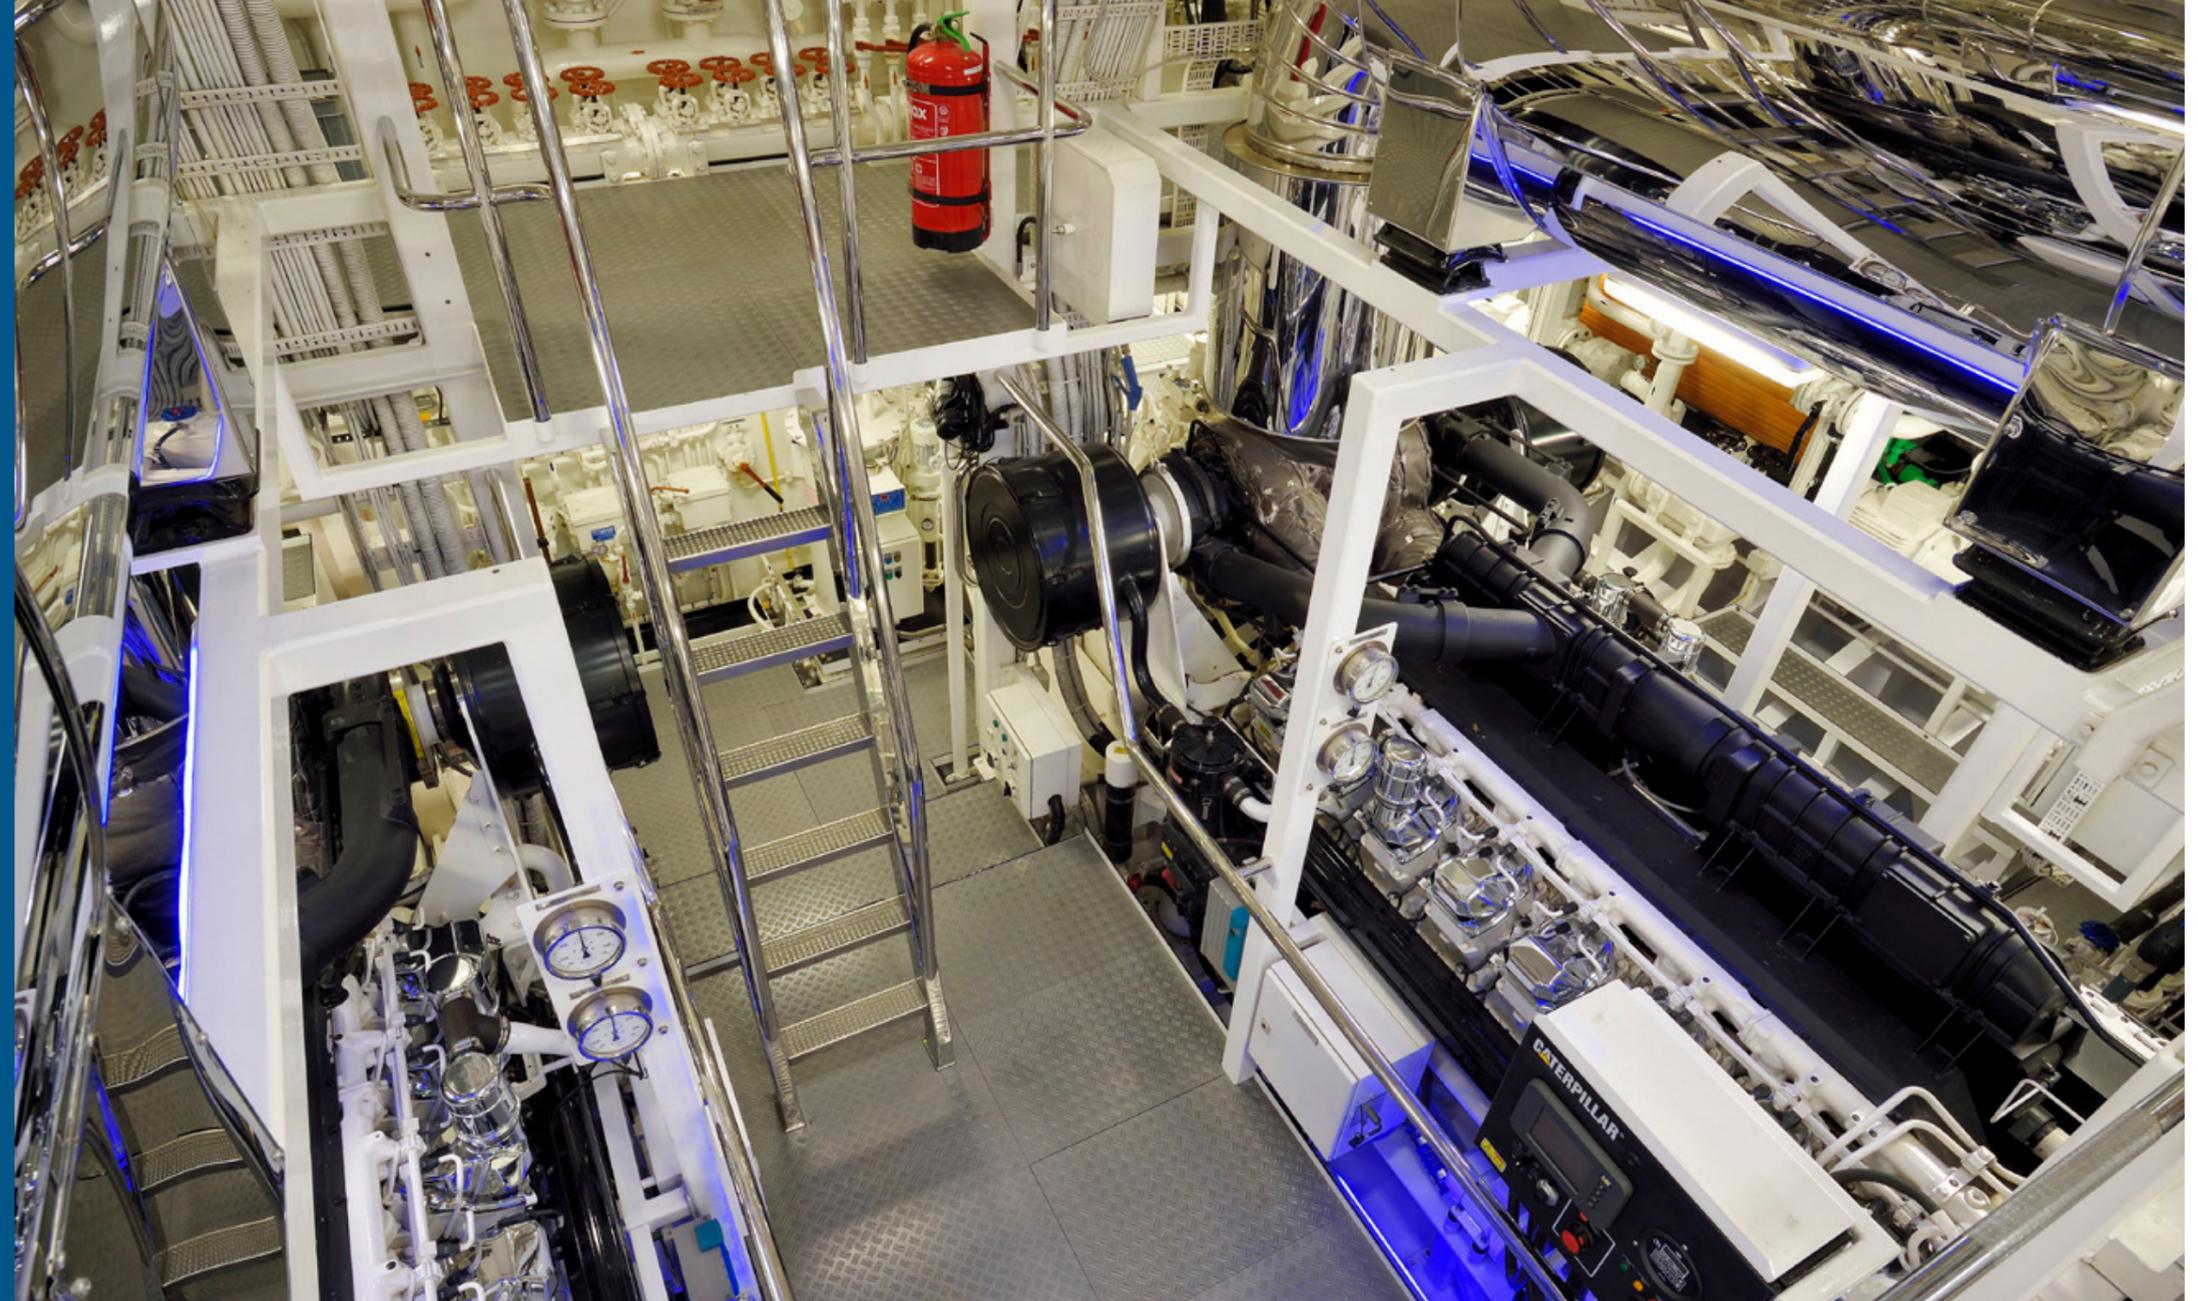

CREW AREAS

SHOWPIECE ENGINE ROOM & GALLEY

The split level engine room is a work of art, and should be seen to be believed. The engines are quiet and efficient.

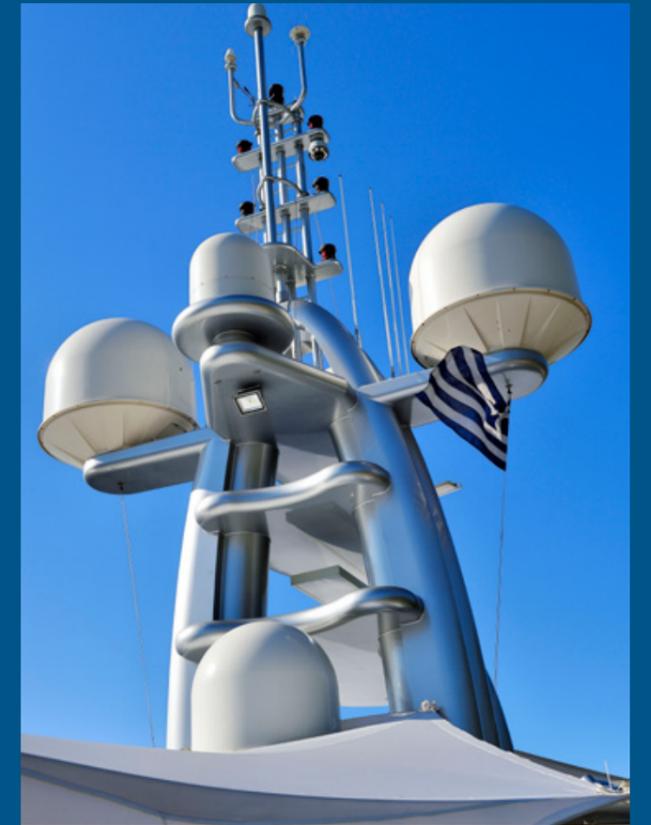

The galley is well equipped and the yacht runs with two Chefs.

The functionality of the yacht is clear to see, with a swim platform that extends and a swim ladder arrangement fit for royalty.

Design details and functionality are the hallmark of Motor Yacht ANNA.
